

**DISTRICHRONO**

## *Multimodal transport*

*An ecological alternative  
for all your shipments*

[www.districhrono.fr](http://www.districhrono.fr)

# Key figures

- Activity of more than **100** dedicated vehicles per day, and **3000** pallets delivered and collected
- An offer for deliveries of part and full loads (33 pallets 80x120)
- A turnover for 2006 of **23** million euros
- Important energy savings :  
Number of TEP (tonnes equivalent of petroleum) per year :  
Rail (electrical traction) = **480** - equivalent road = **4800**

## Our commitments

### MODULARITY

- The flexibility of trailers for collections and deliveries.
- The security of goods for long way shipments; the good experience in cross docking.

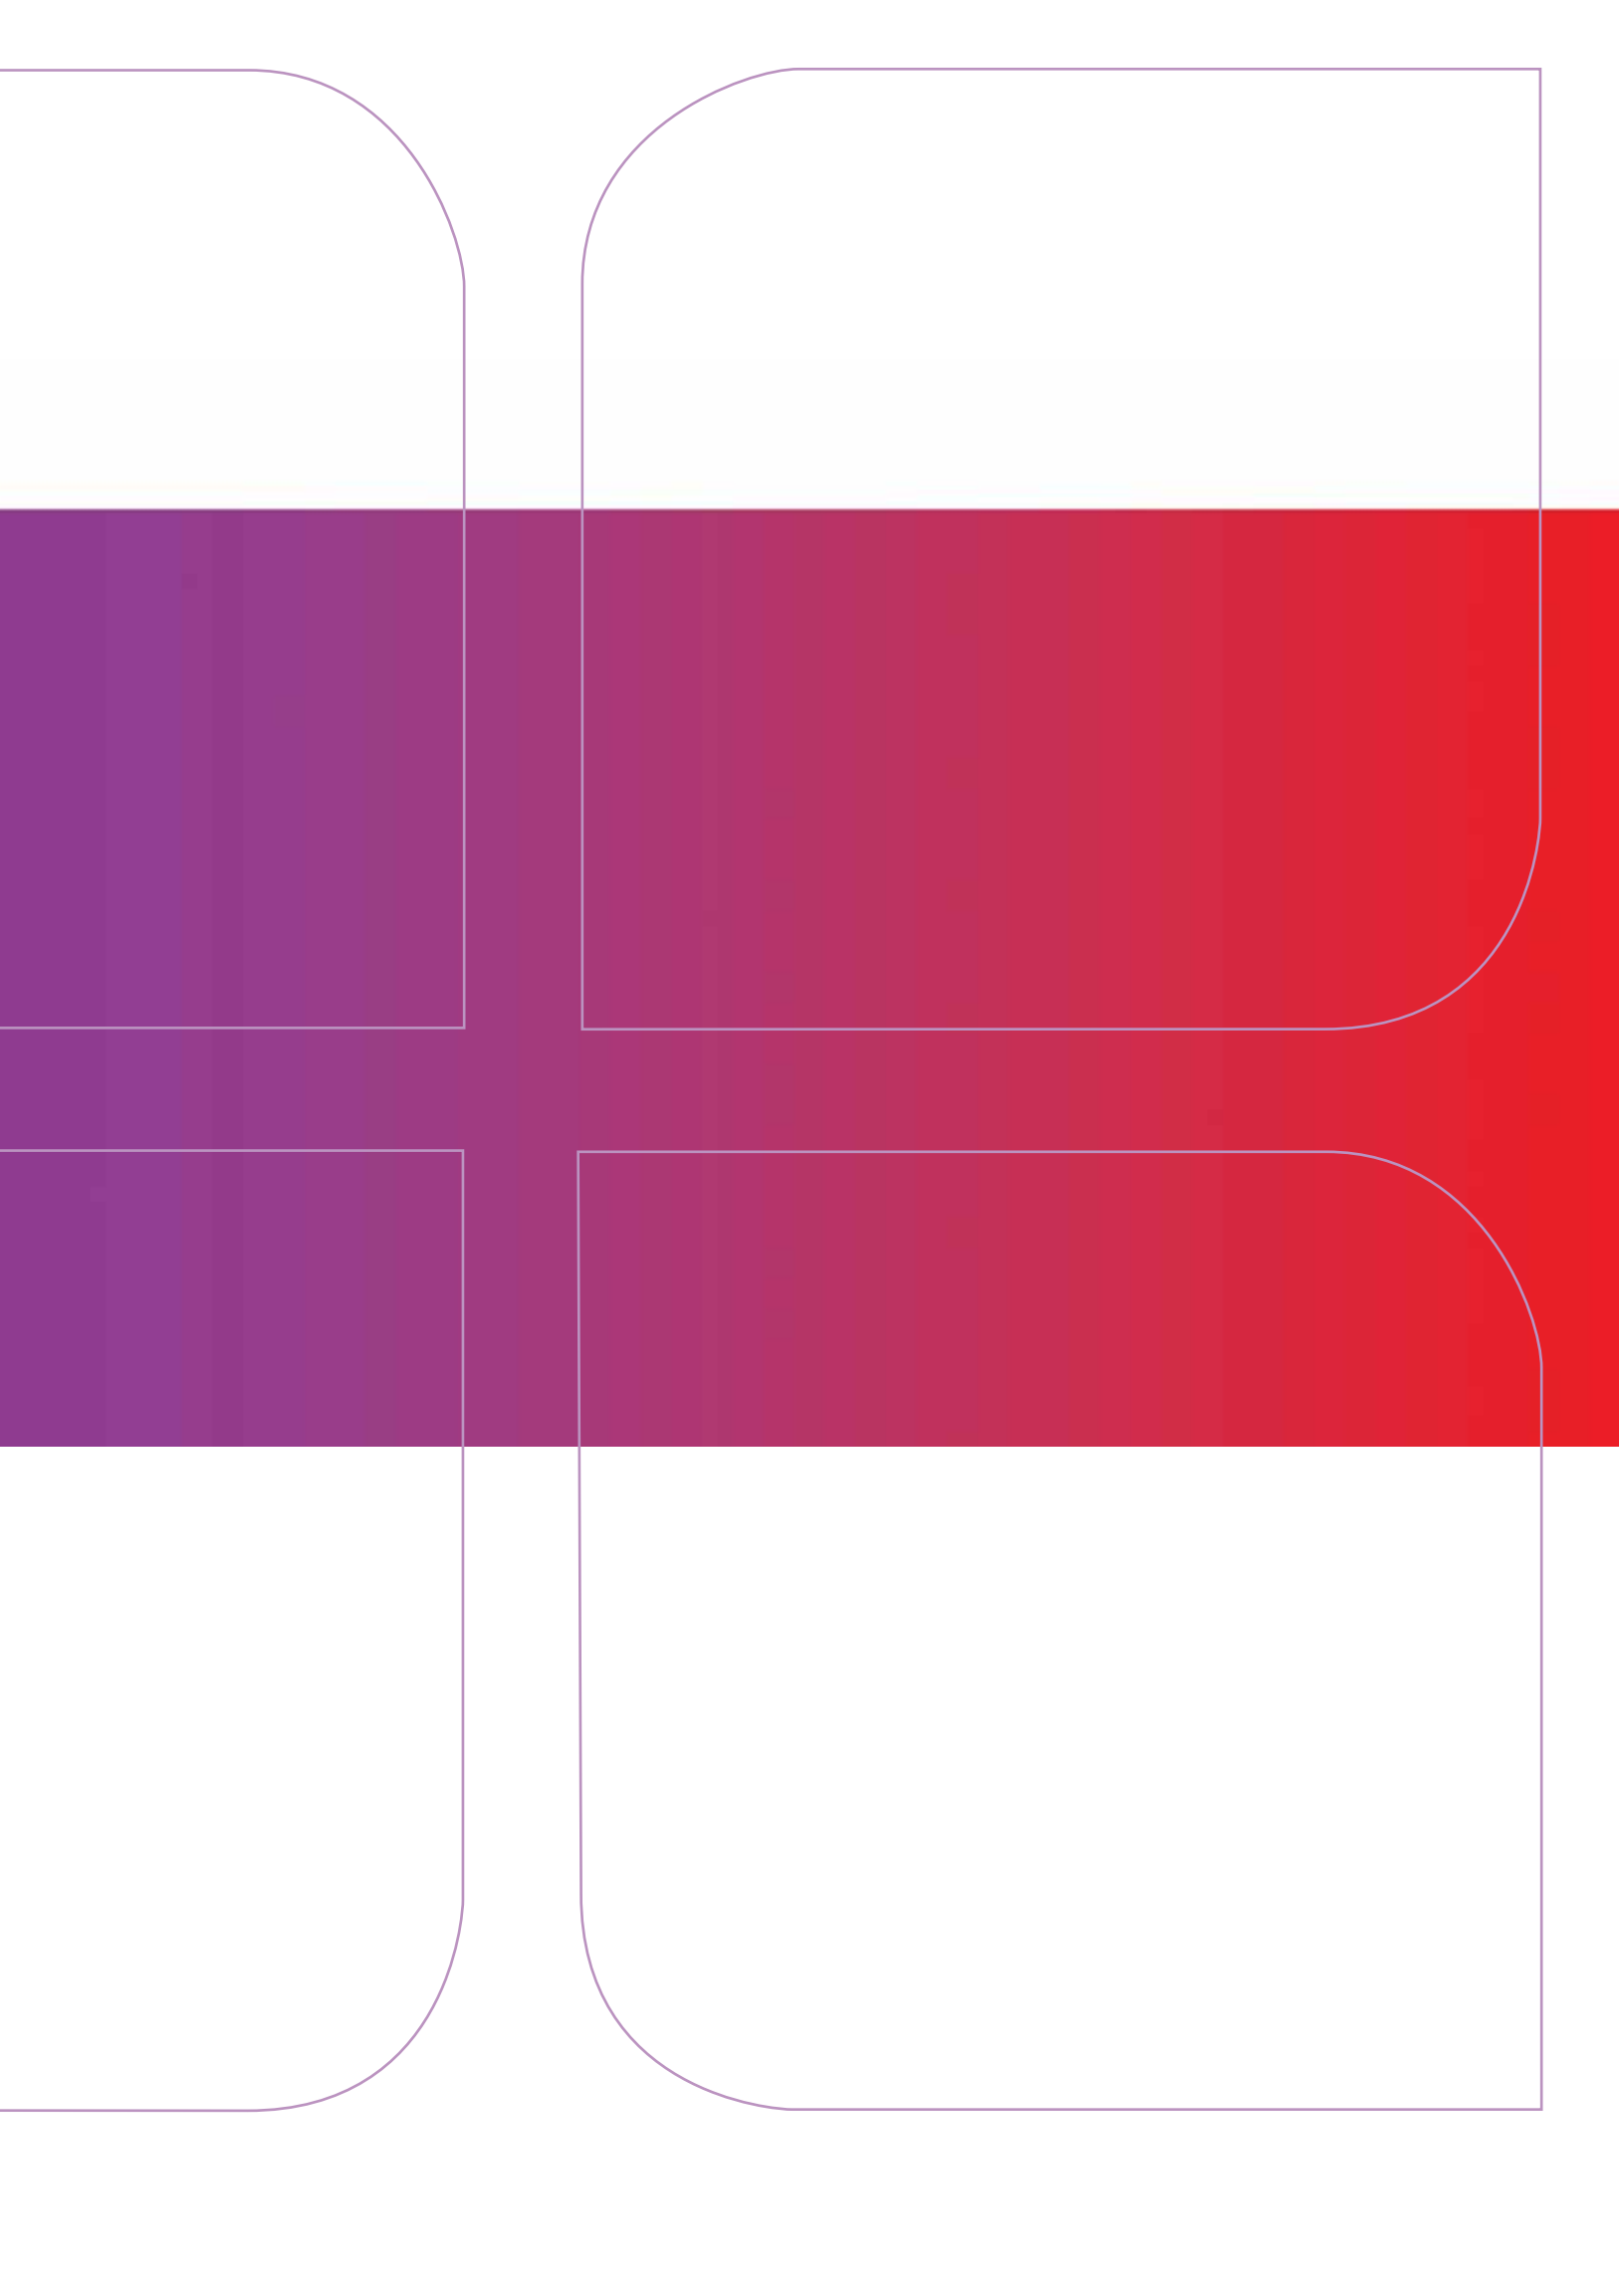

### RELIABILITY

- Every single request is checked and validated on the operation aspect. The train have fixed departure and arrival time every day. The goods are palletised.

### CAPACITY - FLEXIBILITY

- We have important capacity to tailor with the needs and requests of our clients. We have a dedicated fleet of 100 vehicles to secure the 48h and 72h deliveries and collections. Our hub in Avignon offers a high capacity of storage.

We contribute to a better environment using the rail-road shipments. The security is increased for people and goods. A relevant report has been done by the ADEME (agency for environment and control of energy).
